This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

TRUTH 10703

PRODUCT THRESHOLD: 1000 ppm

RESIDUALS AND IMPURITIES CONSIDERED: No

RESIDUALS AND IMPURITIES NOTES: The product is made from 100% soft polyester yarns in a 21 colorway range that uses various combinations of 16 different dyes and 5 chemicals are for providing colour to the fibre. This ensures stains collect on the outside of the fibre so the fabric can easily be cleaned. As a result there are no chemical finishes or flame retardants applied. No chemicals listed on the Living Building Challenge Red List and no AZO or heavy metal dyes are used in production. Safety Data Sheets confirm that any risks associated with their use is in the manufacturing stage and not in the end product because the dyes are chemically bonded to the wool and nylon.

OTHER PRODUCT NOTES: TRUTH is made from a new fine polyester yarn with a soft handle and the appearance of cotton. With 42,000 Martindale rubs without change of appearance, Dare is suitable for upholstery and panels use. Available in 21 colours from the Pantone Fashion Colour Palette. Add spice to your fitout with Truth.

CERTIFICATE URL:

CERTIFICATION AND COMPLIANCE NOTES: This product is made from polyester and blended yarn and does not emit VOC's, improving the air quality of the surrounding environment.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Truth uses our solid soft polyester yarn with giving the fabric excellent handle. By using solid filament yarns to make the fabric, there is no air pockets in the yarn giving you excellent serviceability similar to wool where spills will sit on the surface of the fabric ensure that spill can be cleaned easily. TRUTH is made from a new fine polyester yarn with a soft handle and the appearance of cotton. With 42,000 Martindale rubs without change of appearance, Dare is suitable for upholstery and panels use. Available in 21 colours from the Pantone Fashion Colour Palette. Add spice to your fitout with Truth.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
